

INDIANA DEPARTMENT OF TRANSPORTATION

Robert F. Tally Jr.
Director of Construction

Robert F. Tally Jr. joined INDOT in September 2013 as Executive Advisor to Commissioner Karl B. Browning.

In this role, Tally works with the commissioner and executive staff to identify and prioritize agency needs related to emerging nationwide transportation policy issues, including agency modernization, performance measurement, client satisfaction, tolling practices and strategies, public-private partnerships, project delivery, asset management, and industry partnerships.

In November 2013, Tally was also appointed Director of Construction, responsible for managing field construction operations statewide for INDOT's Capital Project Management group. Prior to joining INDOT, Bob completed a 30-year career with the Federal Highway Administration (FHWA) where he most recently served as the Division Administrator of the FHWA Texas Division. He previously served as Division Administrator of the FHWA Indiana Division, where he helped deliver or launch major projects across the state, including the I-69 extension, the U.S. 31 corridor, State Road 25 Hoosier Heartland, U.S. 24 Fort to Port, and the Ohio River Bridges.

Tally also served as Assistant Division Administrator of the FHWA Texas Division, District Engineer–Northern California, and the Chief of Technology Applications and Stewardship in the FHWA California Division, as well as various roles in the FHWA Arizona, South Carolina, Michigan, and Louisiana divisions.

Bob is a graduate of the University of Louisville, Speed Scientific School, with a Bachelor of Science Degree and a Master of Engineering Degree in Civil Engineering and is a Licensed Professional Civil Engineer.

Bob, his wife, Debra, and son, Austin, are proud to call Westfield home.
